MAJOR LEG ROOM

Few fashionistas came to see Sonja's collection — and those who did were forced to sit around for an hour while she waited for more seats to fill.

Sonja's

FASHION FLOP

THE RUNWAY WENT THE WRONG WAY FOR SONJA MORGAN, WHOSE *RHONYC* CRONIES SKIPPED HER BIG SHOW.

SHE may have turned toaster-oven cuisine into a sizzling sensation, but **Sonja Morgan's** latest fashion show got the cold shoulder. The *Real Housewives of New York City* diva was expecting a crowd on Sept. 10 when her clothing line, Sonja Morgan New York, was shown during Fashion Week. Instead, lots of empty seats lined the runway — and none of her famous TV friends were on hand to champion her.

Sonja must have been shocked, since when the collection debuted in February, her costars were front and center and the event was filmed for *RHONYC*. This time around, however, there was no camera crew — and, with no media opportunity in it for them, her ritzy reality pals didn't bother to attend.

When *Star* questioned Sonja about the absences, the socialite seemed

nonplussed. "Some guests didn't show up because of the rain," she said. Specifically, she claimed she forgot to invite **Heather Thomson** and **Carole Radziwill** and that the others, regrettably, had previous engagements. **Ramona Singer** "called to say she was in Aspen," while **Bethenny Frankel** "texted that she spends Wednesdays with her daughter"; and **Dorinda Medley** "originally RSVPd yes but texted me last minute" to beg off.

Sonja insisted she wasn't angry with her so-called friends. "I'm not upset, but I would have obviously loved to have them and to get their opinion on the collection," she said. Ah, well — there's always next season! ★

DID SHE DRESS TO IMPRESS?

Slumming on the subway: The cast of *RHONYC* missed the stop for Sonja's fashion show.

Yolanda experimented with various alternative treatments, like this hyperbaric oxygen chamber, to combat her Lyme disease.

YOLANDA FOSTER'S LYME DISEASE DRAMA

THE REALITY STAR IS RETURNING TO *RHOBH* AFTER A HEALTH BATTLE, BUT HER RECOVERY IS RAISING MORE QUESTIONS THAN ANSWERS.

FOLLOWING what appeared to be a grueling three-year battle with Lyme disease, *The Real Housewives of Beverly Hills* star **Yolanda Foster** is back, but her apparent miraculous “cure” seems just as perplexing as the well-publicized symptoms that disabled her in the first place.

Yolanda, 51, said her Lyme disease was so bad that she couldn’t read, write or watch television — symptoms not normally associated with the disease. She claimed to have spent exorbitant sums of time, money and energy as she traveled the globe seeking treatment from specialists. Then, when it looked like she might never recover, she suddenly sprang back to health in August — supposedly after having silicone from a 20-year-old ruptured breast implant removed from her chest.

“We may have hit the jackpot, finding all this

silicone,” she wrote as a possible explanation for her bounce back, posting a seminude selfie with marks on her body where the silicone was extracted. The problem is, according to both the FDA and the Mayo Clinic, silicone leaks wouldn’t have caused her neurological problems either...which makes her recovery just as inexplicable as her symptoms.

Interestingly, in July Yolanda’s costar **Taylor Armstrong** questioned the former model’s health diagnosis during a cast gathering. “Yolanda took automatic offense to this because she has a well-documented history of her struggle with Lyme disease,” a source tells *Star*. “She’s even more hurt that none of the other Housewives tried to defend her.” And with filming only two weeks away, the reality star recently tweeted a thinly veiled message to castmates who questioned her illness: “Be more concerned with your character than your reputation girls...” Sounds like she’s back in fighting shape! ★

SWING
AND A
MISS!

Nicole The Golf Grouch

Back off the back nine when you see **Nicole Kidman** coming! Members of the tony Hillwood Country Club in Nashville aren't exactly charmed by the actress' frosty attitude when she hits the links. "She won't speak to anyone — it's like she's paranoid that people are going to ask for an autograph," shares a golfer at the club, where Nicole and her husband, **Keith Urban**, are regulars. "But Hillwood has lots of high-profile members, and she's the only one who's so unapproachable." Her attitude extends to smitten male club members too! "They can't stop staring at her. The guys try to chat her up — but no luck," adds the club member, saying that Nicole's guard may come down along with her handicap. "She hasn't exactly adopted the warm Tennessee attitude. Hopefully that will change once she's a little more confident with her game." ★

JUSTIN TELLS SELENA: LEAVE MY MOM ALONE!

It's one thing to keep your ex's sweatshirt, but staying BFFs with his mom will usually plunge you into crazy-ex-girlfriend territory. And that's exactly what **Justin Bieber** is calling **Selena Gomez** after finding out that she talks to his mom, Pattie, on a regular basis! "Justin flipped out — he had no idea they were still in touch," says a source. "He doesn't want Selena and Pattie to be so close — it's weird."

On and off with Selena for four years before calling it quits in 2014, Justin has moved on with a string of fleeting romances, but Selena still sees herself and the Biebs chilling by the fireplace and eating fondue. "Justin knows his mom adores Selena, but he's asked her to back off," says an insider. "Eventually he'll get serious with someone, and it's going to be awkward if Selena and Pattie still talk all the time. And he knows Selena is just calling his mom to stay close to him. He hates that." ★

AWKWARD ALERT

MINNIE'S MAJOR ATTENTION GRAB

Somebody needs to go see about a girl. *Good Will Hunting* star **Minnie Driver** may have been a '90s It Girl, but judging by a recent day at the beach in L.A., her star power has gone the way of dial-up Internet!

"Minnie was at the beach, and some paparazzi were there taking pictures of someone else," reveals an eyewitness who spotted Minnie catching rays with boyfriend **Neville Wakefield** on Aug. 23. "She was clearly upset that photographers were ignoring her. So she kept walking back and forth near them, hoping they would see her and take her picture."

Despite being a less than dignified approach, Minnie's antics eventually worked. "Finally the photographers saw what she was up to and took her picture just to make her happy," recalled the spy. "She was beaming and lapping up the attention. It was pretty funny to see!" ★

Taylor Swift is resting easy, now that her mother, Andrea, is recovering from her treatment for cancer. "Andrea is doing great and feeling healthy!" a family friend tells *Star*, adding that while Taylor's mom wasn't in grave danger, Taylor still wanted to share what she was going through with her fans.

"Some people couldn't understand how Taylor could go on tour with her mom being sick, but the doctors caught it early enough that it didn't pose as big of a threat as it could have," explains the insider. "And Taylor made sure her mom got the best care money could buy and was in constant contact with her. Everyone is so relieved." ★

The latest couples, breakups and more

Tension has been high between the pair ever since the deflated-football scandal.

Gisele & Tom

COUPLES THERAPY

Determined to get past their rough patch, the power couple are facing their marriage problems head-on.

PICTURE- PERFECT FAMILY

"Tom and Gisele love their children and want to protect them from any ugliness," says an insider.

TOM BRADY and Gisele Bündchen aren't going down without a fight! In a last-ditch effort to save their six-year marriage, the genetically blessed duo has started attending couples therapy. "Things got so bad after Deflategate that they could barely speak to each other," reveals an insider. "Tom got irritable under the stress, and she started blaming him for all their unhappiness, much of which was there before the scandal. Counseling was her ultimatum."

Though Tom, 38, was reportedly reluctant to seek professional help, interestingly, the therapist has reportedly been siding with the all-star athlete on many of the pair's problems. "He's been getting some much-needed vindication during this process," continues the insider. "The truth is, his career was on the line, and his wife was sneaking around Paris in a burqa getting plastic surgery. The therapist noted that both of them tend to put Gisele's needs over his." (One example: Gisele, 35, insisting that the family move away from Tom's native California, to Massachusetts, after spending \$31 million on a massive L.A. dream home.)

Despite persistent divorce rumors over the past month (and a visibly tense "date night" on Sept. 7), the couple have been putting on a united front for the sake of their children — Benjamin, 5, and Vivian, 2. "We're in a great place, I'll just say that," Tom said during a recent radio interview, alluding to the strain they've been under. ★

AGE is but a number as far as **Mel Gibson** is concerned. Despite a 35-year age gap in his new relationship with **Rosalind Ross**, sources say the duo are getting serious — and fast. “They’ve hardly left each other’s side since they went public as a couple, and she’s virtually living with him,” dishes an insider. As *Star* previously reported, Mel, 59, is so smitten with the 24-year-old budding screenwriter that he’s been whisking her all across the globe — first on an 11-day vacation to Costa Rica and then to the set of his new flick in Sydney. “The fact that they are successfully mixing work with pleasure is a sign things are going well,” notes the source. “It’s what they’re bonding over.” But it seems not everyone is on board with the rapid love connection, which began shortly after Rosalind applied for a job cowriting a movie at the actor’s production company. “Mel’s friends and family question her true motivation,” adds the source. “But he insists he’s happy, and he’s going to do as he pleases.” ★

Well, **Nick Cannon** clearly has a type. Less than a year after filing for divorce from **Mariah Carey**, the 34-year-old television personality has set his sights on someone new — former *America’s Got Talent* hopeful **Samantha Johnson**, 26 — and strangely, she looks an awful lot like someone old. “Nick obsesses over how much she resembles his ex,” reveals a source. “He’s gotten a kick out of comparing their smiles.” Although the pair tried to keep their distance on set and behave professionally in front of the production crew, it seems their acting skills could use some work. “Everyone knew they were hooking up,” dishes the source. While Samantha’s time on the show may have ended (she got voted off during the semifinals on Sept. 1), insiders claim her hot new romance with Nick is far from finished. ★

Just seven months after tying the knot, the newlyweds are already experiencing a rough patch — and insiders claim Benedict’s ego may be to blame. “They bicker all the time,” says a source. “Instead of his success bringing them joy, it’s completely gone to his head.” Even worse, pals say Benedict, 39, is so consumed by work that he’s dropping the ball on being a dad to the couple’s 3-month-old son, Christopher. “Even when he’s home, it’s really only in body, not mind,” explains the friend. “Sophie just wants him to let up a little so she doesn’t feel like a single parent.” ★

AFTER CAITLYN JENNER REFUSES TO SUPPORT SAME-SEX MARRIAGE DURING AN INTERVIEW WITH ELLEN DEGENERES, THE TWO LGBT ACTIVISTS GET INTO A HEATED FIGHT BACKSTAGE THAT ENDS WITH CAITLYN GETTING KICKED OUT AND ELLEN VOWING TO EXPOSE THE TRANSGENDER STAR AS A FRAUD!

WAR!

WHEN transgender superstar **Caitlyn Jenner** sat down with proud lesbian powerhouse **Ellen DeGeneres** for her first television interview as a female, it was expected to be a bonding experience. Both women have made brave and

difficult life-changing decisions that have garnered plenty of controversy and no doubt heartache. Instead, however, Caitlyn's words sparked tension between the pair that only escalated after the cameras stopped rolling.

In the interview, which aired on *The Ellen DeGeneres Show* on Sept. 8, Caitlyn — a longtime political conservative — admitted she's been conflicted about supporting same-sex marriage. While the transgender activist did clarify that "I don't ever want to stand in front of anyone's happiness," her refusal to take a firm stance in favor of marriage equality clearly riled the talk show host, who wed actress **Portia de Rossi** seven years ago. While Ellen, 57, maintained her composure for the remainder of the interview, on-set insiders say she blew up afterward — and now the Hollywood heavyweight is vowing to expose Caitlyn as a fraud and derail her TV career.

THE SHOWDOWN

In the interview, gay-rights pioneer Ellen confronted Caitlyn, 65, about her political beliefs, saying that conservative rhetoric often undermines the gay and transgender community's fight for equal rights — a large component of which is marriage equality. In her measured response, Caitlyn tried to explain her thought process. "I have to admit, I remember 15 years ago, whatever it was, this whole gay marriage issue came up.

At first, I was not for it," she said. "I thought, 'I'm a traditionalist.' I'm older than most people in the audience, you know? I kind of like tradition, and it's always been a man and a woman. I'm thinking, 'I don't quite get it.'"

Ellen bristled as Caitlyn continued. "I have really changed my thinking here," the reality star said. "If that word, 'marriage,' is really, *really* that important to you, I can go with it."

By the end of their chat, the tension on Ellen's face was obvious, though she managed to hold her emotions in check. Backstage, though, she unleashed her anger. "Ellen's blood was boiling, and they exchanged insults," reveals an on-set source. "Ellen accused Caitlyn of being homophobic, and Caitlyn said some nasty things back. She was behaving like an entitled diva, and eventually Ellen had security escort her out."

The very same day the episode aired, Ellen appeared on *The Howard Stern Show*, where she expressed her disappointment with the transgender activist. "I said, 'You're wanting people to understand and accept you — this is, like, really confusing to people. And you still have a judgment about gay people and marriage,'" Ellen recalled to Howard. "She goes, 'Well, if the word marriage is that important... *It is*. That's the word. We want the same thing.'"

While Ellen went on to insist she wanted Caitlyn to be ➤

happy, sources say that her bitterness toward the former Olympian has only grown since their showdown. “She was so excited to have Caitlyn on her show, but she’s not the woman Ellen was hoping to interview; she’s a total fraud,” the insider says. “Ellen has been telling people that she thinks Caitlyn is superficial and clueless — and she’s not going to let this go. Ellen is incredibly powerful in Hollywood, and she could damage Caitlyn and her career if she set her mind to it.”

ELLEN'S AGENDA

Part of the reason Ellen was so upset by Caitlyn's lack of support for their shared community's legal right to marry is because the comedian paved the way for LGBT people, like Caitlyn, to be accepted publicly. In 1997, Ellen made the life-altering decision to come out as a lesbian, both in real life and on her TV sitcom, *Ellen*, making her the first gay leading character on TV. That historic choice — and the controversy that surrounded it — led to the cancellation of her TV series and thwarted her professional career for

three years. The funnywoman was left angry and depressed.

Still, Ellen fought hard to reclaim her status in the entertainment industry, eventually achieving widespread success as the host of her own wildly popular daytime show, on which she regularly

Ellen and Portia tied the knot in 2008, shortly after California's supreme court overturned a state ban on same-sex marriage. “We need everyone on our side,” Ellen later said of the marriage equality movement. “We just need people who believe in... fairness and love.”

repeats her fairness mantra, “Be kind to one another.” In fact, many have argued that the wellspring of support for LGBT rights and marriage equality — and even for Caitlyn herself, when she came out as transgender earlier this year — would not have been possible, had it not been for Ellen's early struggles and dedication to becoming a positive role model for the LGBT community.

Her success, though, has transcended her social activism.

This year *Forbes* named Ellen the 50th most powerful woman in the world. And with her whopping \$75 million fortune and legions of superfans, she's a force to be reckoned with. “Ellen is adored worldwide,” the source explains. “If she decided to declare war on Caitlyn — and no one would be surprised if she did; Ellen

is not as nice as she seems — it would be no contest. Caitlyn wouldn't stand a chance.”

CAITLYN'S DOWNFALL

Caitlyn too has been a beloved public figure for years, dating back to her triumph at the 1976 Olympic Games, when she was known as Bruce. More recently, she won hearts for being the voice of reason in the crazy Kardashian household, where the former Olympian was often described as the “henpecked, humiliated husband of Kris Jenner” or simply, “poor Bruce.”

Since becoming a woman, though, Caitlyn has been accused of becoming a “fame

The Aftermath

Following the contentious interview, Ellen complained about Caitlyn's attitude on *The Howard Stern Show*. “She still has a judgment about gay marriage,” Ellen griped.

**FAMILY
FEUD!**

KRIS IS OUT FOR BLOOD TOO!

Ellen isn't the only powerful enemy Caitlyn has offended in recent months. Her ex-wife Kris Jenner is angry at Caitlyn for throwing her under the bus in her now famous *Vanity Fair* interview in June, and she's still mad about it. What's worse, Kris feels like she's partially responsible for Caitlyn turning into a fame monster, since she taught her the tricks of the reality TV trade on her own show, *Keeping Up with the Kardashians*.

The claws came out during the former couple's first meeting since Caitlyn came out, which *I Am Cait* cameras captured. Kris lashed out at her ex for abandoning their family and for calling their daughters, **Kendall** and **Kylie**, a "distraction" — though neither accusation prompted Caitlyn to apologize. Weeks later, the pair fought again because Kris didn't invite Caitlyn to Kylie's high-school graduation party — an act Kris defended by saying she was still hurt by Caitlyn's harsh words. "Kris has had to deal with a lot. It's not easy to accept that the man you were married to for more than 20 years is now a woman," says a family source. "But instead of trying to help her, Caitlyn just uses Kris' pain to her advantage. And now Kris is ready to retaliate."

whore." Sources say she's obsessed with her reality show, *I Am Cait*, and puts herself and her career ahead of everything else — including her kids. "The Kardashian girls, especially **Khloé** and **Kim**, can't stand the person she's turned into," says a family insider. "They hate the way she treats the people she used to be close to — especially their mom, Kris. They fight with her all the time about it."

Her youngest daughter, **Kylie**, especially needs Caitlyn's guidance these days. The 18-year-old seems to have gone off the rails, regularly posting overtly sexy selfies and boasting about her plastic surgery; but sources say Caitlyn is too wrapped up in herself to notice. "She thinks she's invincible right now," the insider says. "But Ellen could tear her down as quickly as Caitlyn has built herself up."

Not only that, but Caitlyn's comments regarding same-sex marriage have lost her fans too, and she's since been branded a

"narcissist," a "hypocrite" and a "hoax." "She's strictly in this for herself," one online commenter wrote after watching the interview with Ellen. "Way to orchestrate your own downfall," another added.

"Caitlyn's alienating herself from everyone who is important to her, from her family to her fans to her supporters in Hollywood. She's living in a bubble that's going to burst very soon," an insider says. "She needs to do serious damage control before it's too late. Because if Ellen makes it her mission to bring Caitlyn down, she will." ★

Falling Empire

John and Kelly's massive home in Ocala, Fla., is one of many properties the couple owns, along with homes in Santa Barbara, Calif., Maine and Hawaii.

Tainted Love

"Kelly says John is a great father and a wonderful man but a terrible husband who doesn't communicate," says the source. "She's been going off on her own now as well, pursuing acting work, while John has been fending for himself."

John & Kelly's \$240 MILLION DIVORCE!

JOHN TRAVOLTA HIDES HIS RINGLESS FINGER
AMID SPECULATION THAT HE'S SEEKING A DIVORCE
FROM HIS BELEAGUERED WIFE, KELLY PRESTON!

THROUGH 23 years of marriage, **Kelly Preston** has firmly stood by her husband, **John Travolta**, despite enduring sordid allegations about his unwanted sexual advances toward men. Yet it appears to be John who has had enough of their marriage, and he may soon be filing for

divorce! The pair haven't been seen together since Aug. 10, and when he was spotted by eagle-eyed photographers without his wedding ring on Aug. 27, he hastily buried his left hand in his pants pocket.

"I think John finally took off his ring because he's tired of living a lie," a family insider tells *Star*. "John and Kelly are unhappy in the marriage, and they've pretty

much been living separate lives for years. They're more like friends than lovers, and the buzz is that he's been speaking with attorneys about filing divorce papers."

RECKLESS BEHAVIOR

The famed couple have managed to stay together despite suffering through the tragic death of their eldest son, Jett, in 2009. But now

that John, 61, is taking steps to distance himself from Kelly, 52, she also seems ready to part ways. "It's incredibly sad, but this has been brewing for a long time. They could limp along in this marriage forever, but it just seems like, for Kelly, the benefits of married to John are

outweighed by the negatives," says the source. "There have been so many allegations from men claiming that John came on to them in a sexual manner that it's become a huge embarrassment for her."

The latest charge against the *Pulp Fiction* star is that last month he reportedly paid a whopping \$1.3 million to former pilot Doug Gotterba to prevent him from publishing an exposé alleging a gay affair between the two men that lasted for years. That comes on

the heels of the claims in 2012 of multiple male massage therapists that they were sexually propositioned by the star.

"Kelly's never publicly spoken about it, but she believes John has been living recklessly," the friend says. "She's fed up with the horrible stories about John's behavior, and she doesn't know if it will ever change."

And now that time has passed since Jett's death; Ben, 4, is young enough to not quite understand what's going on; and daughter Ella Bleu, 15, is old enough to come to terms with it, this may be the best time to split. As the source explains, "They've had rough patches in their marriage before, but it seems like all the fight has gone out of Kelly. She's weary and doesn't seem to know what else to do to hold their marriage together."

FORTUNE AT STAKE

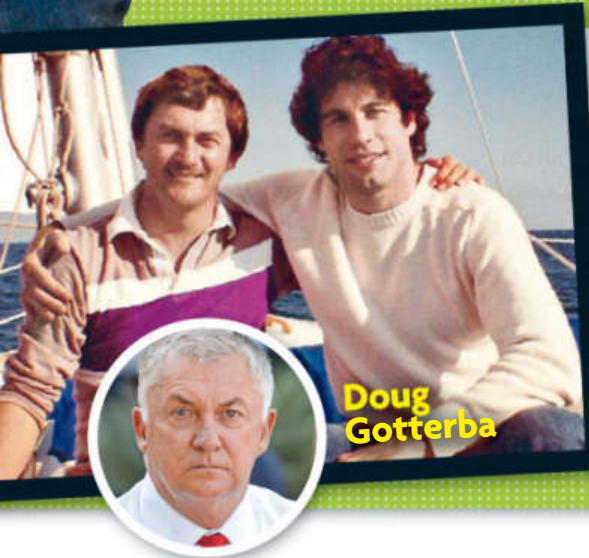

The couple have reportedly amassed a \$240 million fortune, but since they don't have a prenuptial agreement, a

fight over the marital assets could get nasty. "John earned the bulk of the money, but they've been married for so long that Kelly will be entitled to half of it," says the source. While a large chunk of their net worth is tied up in real estate holdings, John is adamant about staying at their main residence, a massive compound in Ocala, Fla., complete with an airstrip and hangar, where he stores his fleet of beloved jets. But the actress is so fed up with John that she could make things more difficult when it comes to dividing everything.

Friends also say that a big potential sticking point in a marriage dissolution is the custody arrangement for their two children. "Kelly would like to relocate permanently to Los Angeles, while John is dead-set on remaining in Florida," says the friend. "John could have all the visitation he wants, but Kelly wants the kids to live with her — and John would never settle for anything less than joint custody." ★

YEARS OF SCANDALS

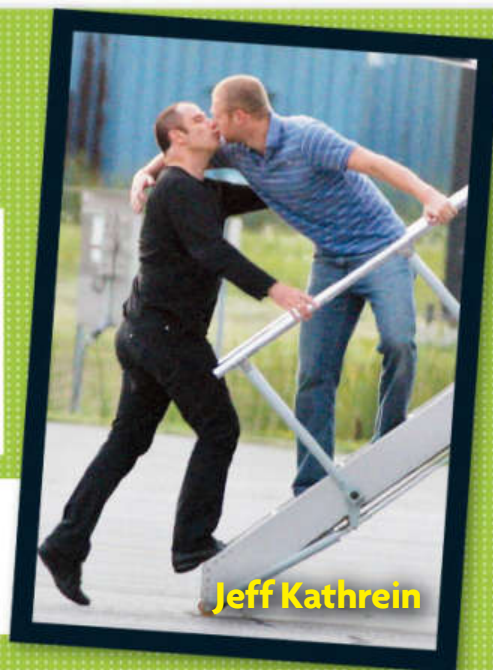

ALLEGATIONS OF GAY AFFAIRS HAVE DOGGED JOHN AND KELLY'S MARRIAGE FOR YEARS.

**Doug
Gotterba**

John's former pilot alleges they had a six-year affair that included romantic trips around the globe. Doug sued to publish his tell-all, *Travolta Exposed*, but then mysteriously dropped the case last month amid allegations he was paid \$1.3 million to keep quiet.

In 2006 John kissed his kids' male nanny, Jeff, on the stairway of his private jet, leading to rampant speculation about the *Grease* star's sexuality.

A Shore Thing?

"Bradley is really smitten by her, and his friends and family would hate for her to be using him," a source tells *Star*.

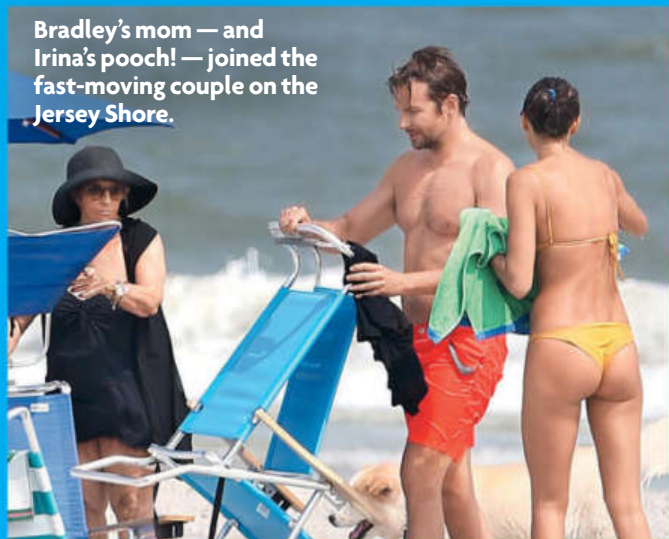

**PACKING

THE PDA!**

WHEN it comes to romance, **Bradley Cooper** tends to float like a butterfly and sting like a bee — carelessly dating and then dropping a string of Hollywood lovelies. But **Irina Shayk**, his girlfriend of only four months, is looking like a

keeper. The Oscar-nominated actor just introduced his supermodel sweetie to his mother — and there may even be a baby on the way.

"He's ready to settle down, and he wants it to be with Irina," says a source close to the *American Sniper* star. But the Russian-born stunner's social-climbing relationship record is giving his friends cause for concern.

Bradley's mom — and Irina's pooch! — joined the fast-moving couple on the Jersey Shore.

READY FOR Baby

BRADLEY COOPER HAD HIS “GLOWING” NEW GIRLFRIEND MEET HIS MOM. COULD THEIR SO-FAST, SO-SERIOUS ROMANCE MEAN IT’S BABY TIME?

A FAMILY AFFAIR

Bradley, 40, and Irina, 29, have cavorted in high-profile locales, from New York City to London to Italy’s Amalfi Coast, since going public at the Met Gala in May. Yet the couple chose the low-key Jersey Shore to celebrate the Labor Day weekend — and their third wheel was none other than Brad’s mom, Gloria Campano. “Gloria’s approval means the world to Bradley,” says his buddy. “Since Irina may be pregnant, he wouldn’t want them wasting any time getting to know each other.”

The physical evidence that Irina’s expecting? Her celebrated *Sports Illustrated* curves are a bit rounder than usual these days. “Irina’s body is her bread and butter, so her belly has us all talking,” says a friend of the model’s. “Not only does she have a little bump, but she is proud to display it.”

Both Bradley and Irina aspire to parenthood. “I really hope I have that experience in my life,” Bradley, who lost his dad in 2011, has said. “I saw how much joy fatherhood gave my own dad.”

As for Irina, she often showered affection on the son of her former fiancé, international soccer star **Cristiano Ronaldo**. “Irina loved that little boy like he was her own,” says a source. “Losing that bond was hard on her.”

CAN THEIR FAST LOVE LAST?

Currently shopping for an apartment to purchase in Manhattan, where Irina lives, Bradley has decided to go big. “Let’s just say that he’s looking for something

family-size,” his pal confides.

“All of a sudden he’s saying a two-bedroom isn’t big enough. He needs ‘more space’ and ‘somewhere for his mom to stay.’”

That’s pretty serious for a guy who has proved to have a two-year commitment limit. In 2005, he hooked up with **Jennifer Esposito**, and though they did marry, they were done by 2007. His last serious relationship, with British model **Suki Waterhouse**, began in 2013 and ended this year. In between, on and off, he dated costars **Renée Zellweger** and **Zoe Saldana** and is rumored to have fooled around with **Jennifer Lopez**, **Cameron Diaz** and **Olivia Wilde**.

Yet while his history may have been cavalier, hers has seemed more calculated (see “Irina’s Famous Flames”). The daughter of a coal miner and a kindergarten teacher, the brunette beauty has a reputation for dating up, fame-wise. And while friends “can’t believe how happy” Bradley is, they’re a little worried that she might be using him.

“Irina does have a somewhat mysterious past,” Bradley’s bud admits. “But he can look beyond it because he knows we all have a few skeletons. Everyone has fingers crossed for a happy ending for these two, especially if a baby is on the way.” ★

IRINA’S FAMOUS FLAMES

Cristiano Ronaldo

Irina and Portuguese soccer star Cristiano Ronaldo met in 2010 and quickly became an item. He gave her a whopping engagement ring in 2011, but the duo didn’t set a date. Though they posed together for the cover of Spanish *Vogue*, he reportedly cheated on her with Brazilian model **Andressa Urach** and *Playboy* Playmate **Daniella Chavez**. In January of this year, Irina kicked the Real Madrid striker to the curb — and four months later, she was with Bradley.

Sepp Blatter

This spring, Irina was accused of having had an affair with Sepp Blatter — the notorious former president of pro soccer organization FIFA, forced to resign in a massive corruption scandal — sometime between 2002 and 2014. She dismissed the claims as “pathetic,” insisting she was never involved with the disgraced administrator 50 years her senior.

Rob Bourdon

Irina’s rockin’ romance with Linkin Park drummer **Rob Bourdon** began in 2007, when the California nu metal band released its third album, *Minutes to Midnight*. Though the record debuted at No. 1 and went on to sell more than 18 million copies, it was met with mixed reviews, and the group never regained its first flush of fame. Irina told her drummer boy to beat it in 2009.

"Blake wanted to give Miranda another chance after discovering she was cheating, but she made that hard," says a source.

THE SOON-TO-BE-DIVORCED COUNTRY STAR IS DEPRESSED AND DRINKING HEAVILY.

He was the one who filed for divorce from his cheating wife, **Miranda Lambert**. It was he who told her to pack her stuff and get out of the house they shared near his Ada, Okla., hometown. Yet behind his staunch façade and flippant social media demeanor, **Blake Shelton** is falling apart and boozing nonstop to drown his sorrows.

"He drinks to numb the pain and has completely lost his appetite," says a member of the "Mine Would Be You" singer's camp. "People are seriously worried about him." And while those who know him best — including his famous friends — are doing all they can to buoy his spirits, Blake is sinking deeper into depression.

WORK, DRINK, REPEAT

"It was the hardest thing he's ever had to do," the insider says. "He knew it would be tough, but he was hoping he'd at least get a sense of relief. Instead, he can't stop grieving. It's as if a part of him has died."

To deal with that, Blake's thrown himself into his work — playing Vegas on Sept. 18 and 19 and shooting the ninth season of *The Voice*. While in L.A., **Adam Levine**, his fellow coach on the show, has been attempting to distract Blake, reportedly throwing parties in his honor with hordes

"Adam thinks a beautiful new girlfriend will take Blake's mind off Miranda," says the insider. Blake's not up for it, though, and rumors that he's seeing *The Voice*'s **Gwen Stefani**, who's also going through a divorce, are totally false. And she's not making moving on easy. "Miranda texts and calls, saying she still loves him, and he can't take it," says his friend, adding that Miranda even sent a box of jewelry to Blake's mom, Dorothy, as a peace offering.

But it's unclear whether Miranda wants forgiveness or to win Blake back. "When he confronted her about the

Yet Blake is finding it hard to not keep looking back. "He wants her to leave him alone because he's absolutely heartbroken," the insider says. "He's not eating, he's drinking way too much, he won't talk to friends — it's really hard to see him crumbling like this." ★

BETWEEN HER PUFFED-UP POUT AND OVERLY CHISELED CHEEKBONES, THE REALITY STAR IS LEARNING THE UGLY TRUTH ABOUT TOO MUCH PLASTIC SURGERY.

WHEN Kylie Jenner emerged with clownlike lips earlier this year, fans did a double take. But recently, the teen's appearance has changed so drastically that she's barely recognizable as the person she was just one year ago.

Although the 18-year-old has only copped to getting temporary lip fillers, a source tells *Star* that Kylie's received Botox, an eyebrow lift, upper eyelid surgery, a chin

implant, jaw reshaping and a nose job, plus surgery to pin back her ears. "She always says she's just doing one more thing, but it never ends," reveals a family insider. "She's really insecure, especially about her lips; that's why she keeps getting them done."

Despite the risks of repeated lip injections — including nerve damage, excess scar tissue and permanent deformities, according to Michigan-based plastic surgeon Dr. Anthony Youn, who has not treated Kylie — **Kris Jenner** continues

to support her daughter's dangerous decisions. In fact, she allegedly gave consent for procedures before Kylie was of legal age. "The more attention Kylie gets, the more money it brings in," explains the insider. "She tells Kylie she looks fantastic and isn't worried about her at all."

Luckily, the rest of the Kardashians don't share the same sentiment. "**Khloé** and **Kourtney** are begging her to stop," adds the source. "They know she'll regret it soon enough." ★

WHEN YOU DON'T KNOW WHAT TO SAY, STAND UP.

When someone you love is diagnosed with cancer, you have the power to help. There are many ways you can stand up and show that you care.

THEY TALK, YOU LISTEN. One of the most helpful and important things you can do is listen—without judgment and resisting the urge to give advice.

DON'T ASK, DO TELL. Instead of waiting to be asked for help when it is needed, be specific about what you can do and when, such as: prepare a meal, babysit, pick up groceries, help with pets, or provide rides to and from appointments.

LIVE AND LEARN. Educate yourself about your loved one's diagnosis and treatment. When you understand what a cancer patient is going through, you're better able to help keep information clear, track questions, and know how you can be most useful.

STAY CONNECTED. After the initial diagnosis, people tend to drift away. Be someone to count on for the long haul. Check in, send a quick note, or drop off a book. Small gestures go a long way.

Skyler Samuels

The former *Wizards of Waverly Place* star, 21, is one of the leads on the ensemble series *Scream Queens*. And the one-time college student knows that getting stalked by a serial killer is almost less scary than living in a sorority house. "I had 59 female roommates," she says. "Learning to navigate the minefield of female politics — that's a very real thing."

5

Amber Stevens

After turning heads in *22 Jump Street*, the gorgeous actress, 28 — whose parents are legendary Top 40 radio DJ Shadove Stevens and model Beverly Cunningham — now stars on the new hit comedy series *The Carmichael Show* as Jerrod Carmichael's girlfriend/professional therapist.

3

The Weeknd

Who would've thought, after all the outrageous outfits and antics by VMA's host Miley Cyrus, that The Weeknd's performance of his hit song "I Can't Feel My Face" would be the most memorable moment of the recent awards show? The R&B artist, 25, who is dating model Bella Hadid, can next be seen as the musical guest on *Saturday Night Live* Oct. 10.

1

Filharmonic

The six-member boy band of Filipino-American hip-hop a cappella singers (Jules Cruz, VJ Rosales, Trace Gaynor, Barry Fortgang, Joe Caigoy, Niko Del Rey) rose to prominence by making it to the semifinals of the talent series *The Sing-Off*. They've since released a hit album, *Motown Fillie*, embarked on a national college tour and made a huge splash in the blockbuster movie *Pitch Perfect 2*.

WORKOUT Wonders!

PART 1

POSTURE PERFECT You have been on a roll with your workout and nutrition program, but your Instagram pics do not always reflect that. Poor posture will dim the glow of a sleek physique. Sitting at a desk, hunching over a computer (or phone) and even walking in heels can sabotage your posture. In order to look and feel as beautiful as you are, it's important to train the body to hold itself upright at all times. By incorporating a few exercises into your routine, you will combat the damaging effects a busy workweek may have on your body.

How it works: Perform each exercise for one minute. Repeat the entire series four times. Check out the column next week for part two of our posture perfecting moves.

Check out Nora's workout videos, nutrition programs and health tips at noratobin.com, at starmagazine.com and on Instagram: [@NoraTobin](https://www.instagram.com/NoraTobin).

T-RAISE

Step 1: Lie on your mat facedown with thighs tightly together and feet flat on the floor. Engage the glutes and upper back to lift chest off the floor.

Step 2: Extend arms out to a T position, wrists facing the floor. Keep feet and legs on the ground, and engage the core from the upper back. Hold for five to 10 seconds, then lower yourself down. Repeat the movement for one minute.

SIDE PLANK VARIATION

Step 1: Come onto hands and knees with wrists under shoulders and knees hip-width apart. Lift right leg up to hip height. Once you feel stable, lift right arm directly above shoulder.

Step 2: Let hips and shoulders open up to the side. Form a straight line from head to heel. Deeply engage the core and glutes to help keep you balanced. Hold for 30 seconds on each side.

LISA RINNA

The *RHOBB* star credits her fit figure to physical workouts six days a week.

NUTRITION TIP TO REDUCE PAIN

Excess inflammation in the body can lead to chronic pain. It is crucial to reduce overall inflammation in order to feel mobile and energized every day. There are many effective and effortless ways to reduce inflammation. Try incorporating ginger and turmeric into your daily nutrition. These have significant anti-inflammatory properties that will boost your overall health.

PICKS

this week!

1

TV Scream Queens

This highly anticipated new comedy/horror series from the creator of both *Glee* and *American Horror Story* (**Ryan Murphy**) follows the pretty girls at Wallace University's Kappa House. The popular sorority is ruled by Chanel (**Emma Roberts**) and her flunkies (including **Abigail Breslin** and **Ariana Grande**), as they haze pledges. But there's also a serial killer donning the school's Red Devil mascot mask on campus and hacking his way through the whole Greek system. The all-star cast also includes original scream queen **Jamie Lynn Curtis**, as well as **Lea Michele**, **Nasim Pedrad** and **Nick Jonas**. *Tuesday, Sept. 22, at 8PM on Fox*

2

TV Minority Report

When the TV spin-off of the 2002 sci-fi action hit starring **Tom Cruise** begins, it's 2065, 10 years after the events of the movie. Now Dash (**Stark Sands**), a Precog (a person who can see events before they occur), teams up with a cop (**Meagan Good**) and her boss (**Wilmer Valderrama**) to fight crimes before they happen. It's a series with plenty of cutting-edge visual effects, clever time-shifting perspectives and compelling characters. *Monday, Sept. 21, at 9PM on Fox*

4

MOVIE Pawn Sacrifice

This historical thriller is based on the true story of the 1972 chess match between American master **Bobby Fischer** (**Tobey Maguire**) and Soviet champion **Boris Spassky** (**Liev Schreiber**) in a contest that captivated the world. It follows the eccentric Fisher from his youth in Brooklyn to his rather bizarre antics as a chess genius, culminating in the six pairings of the two chess giants — which also became a proxy battle during the Cold War. *Sept. 16*

3

MOVIE Maze Runner: The Scorch Trials

The second installment in the hit young-adult sci-fi action trilogy based on the best-selling novels begins where the first film ends. **Thomas** (**Dylan O'Brien**) and his fellow Gladers have survived the maze but are now held by the nefarious WCKD organization. They manage to escape, only to wind up on the run from WCKD and thousands of zombies in the dystopian desert wasteland called the Scorch — which was once the good ol' U.S.A. *Sept. 18*

5

TV Empire

Season two of the smash hit series begins three months after the shocking arrest of music mogul **Lucious Lyon** (**Terrence Howard**). Now his ex-wife, **Cookie** (**Taraji P. Henson**), and her allies make a desperate attempt to seize control of the company as a bigger external threat emerges. Expect plenty of scandalous moments as well as some great original music and celebrity appearances by the likes of **Chris Rock**, **Kelly Rowland**, **Marisa Tomei** and **Pitbull**. *Wednesday, Sept. 23, at 9PM on Fox*

Talk Show Doctor Reveals Digestion Remedy That Works Instantly!

Television host and best selling author explains how a new aloe-vera extract can make bouts of heartburn, acid-reflux, constipation, gas, bloating, diarrhea, and other stomach nightmares disappear!

Recently, medical professionals and alternative medicine experts have taken to the airways to reveal a simple secret that amazed millions who suffer with digestion nightmares. And people haven't stopped talking about it since.

"I'd give anything to make it stop!"

That's what most people will say about their digestive problems. "It's just horrible" says Ralph Burns, a former digestion victim. I was tortured for years by my Acid-Reflux. My wife suffers with digestion problems too. If she eats one wrong thing, she spends hours stuck in the bathroom dealing with severe bouts of constipation or diarrhea."

FDA Warns About Popular Antacids

A recent FDA warning explained that excessive use of antacids could lead to an increased risk of hip, wrist, and spine fractures. Especially in people over the age of 50.

So when an alternative was discussed on National TV, you can imagine how thrilled people were to find out they could finally get relief without having to rely on pharmaceutical proton pump inhibitors. But now, according to Dr. Liza Leal, M.D & Chief Medical Officer at Meridian Medical, your stomach problems could be over by simply drinking a small amount of a tasty Aloe Vera extract every day. It's as simple as that!

Finally There's Hope...

At first, the thought of drinking aloe vera might make some people back away. But in fact, this delicious "digestion cocktail" is doing amazing things for people who suffer with digestive problems — even if they've had them for years. Here's how it works...

Stop Stomach Indigestion

Your stomach naturally produces acid so strong, it can dissolve an aluminum spoon

in just 30 minutes! And when excess acid escapes into your esophagus, throat and stomach lining, it unleashes the discomfort of Acid-Reflux, heartburn, ulcers and more misery. Add the problems of stress, and "all hell breaks loose."

Dr. Liza Leal, a well known expert on chronic pain management explains... "*AloeCure*" can work genuine miracles. It buffers high acid levels with amazing speed, so your stomach feels completely at ease just moments after drinking it." In fact, it could wipe out stomach discomfort and frantic runs to the bathroom.

"I'm always in 'indigestion hell'. Doctors put me on all sorts of antacid remedies. Nothing worked. One day a friend said, 'Why don't you try *AloeCure*'. I was shocked! It tasted pretty good! I stopped taking the PPIs altogether and replaced it with a daily diet of *AloeCure*". Then something remarkable happened - NOTHING! Not even the slightest hint of indigestion. For the first time in 40 years I didn't need pills or tablets to avoid indigestion. Thank you *AloeCure*!"

- Ralph Burns

Until Now, Little Could Be Done...

But "*AloeCure*" can help virtually anyone. Even people with chronic stomach discomfort can start to feel better right away," says Dr. Leal. And what's really exciting is *AloeCure* aids in keeping your digestive tract healthy, so with regular use intestinal distress stops coming back.

Digestion Defender #1: Balances Stomach Acid: Your first line of defense is calcium malate. This natural acid buffer instantly sends stomach acid levels plunging. And holds acid levels down so they are not likely to return!

Doctor recommended AloeCure® may be the most important application ever discovered for digestive health!

Digestion Defender #2: Instant, Soothing Relief: *AloeCure*® is brimming with polysaccharides, a "wonder" compound that gently coats the throat, esophagus and stomach, carrying instant relief to cells scorched by excess acid.

Here's What Doctors Are Saying!

AloeCure® is backed by important scientific studies that confirm... aloe calms stomach acid and allows your body to heal itself.

Dr. Liza Leal, M.D & Chief Medical Officer at Meridian Medical, says, "That's why I recommend it to patients who suffer from bouts of heartburn, Acid-Reflux, ulcers, and irritable bowel syndrome..."

Dr. Santiago Rodriguez agrees. "Just two ounces of *AloeCure*® reduces the acids in your stomach by ten times."

AloeCure® may be the most important application ever discovered for digestive health!

Safe And Easy To Use

With no sugar, no stimulants, and zero calories, *AloeCure*® is safe, all-natural and has absolutely no side effects. Just drink two ounces, once in the morning, and once at night, and start enjoying immediate life-changing relief!

Try It 100% Risk-Free!

The makers of *AloeCure*® have agreed to send you up to **6 FREE bottles PLUS 2 free bonus gifts** with your order— they're yours to keep no matter what. That's enough *AloeCure*® for 30 days of powerful digestive relief, absolutely free! But hurry! This is a special introductory offer, reserved for our readers only. But you must call now!

→ BLACK MASS

This bitterly tense drama follows notorious real-life gangster **Whitey Bulger (Johnny Depp)** and the FBI agent **John Connolly (Joel Edgerton)** who unwittingly made him the most powerful crime boss in Boston. Bulger's brutal rise from street thug to the top of the most wanted list was no accident, and we see how he climbs the rungs of power one body at a time, while being shielded by the feds as he rats out his competition. Depp — whose icy green eyes will give you chills — makes the vicious Bulger frighteningly human, while Edgerton's a G-man who gravely miscalculates Bulger's ruthlessness. It's quite a comeback for Captain Jack Sparrow — and possibly a career best performance.

LONG STORY SHORT:

The most gripping gangster tale in years.

Edgerton's FBI agent (inset, left) gets schooled by Depp's crime boss, Bulger.

MOVIES

Gyllenhaal and Clarke star in the film, based on the 1996 Mount Everest disaster, which claimed eight lives.

→ EVEREST

Based on a true story, this harrowing drama recounts a doomed 1996 trek up the foreboding Mount Everest by climbers being led on a commercial mountaineering tour. **Jason Clarke** and **Jake Gyllenhaal** play two of the guides; while the climbers are portrayed by **Josh Brolin**, **John Hawkes** and **Martin Henderson**. But on the day the group tries for the summit, they suffer two mishaps: a time-consuming technical snafu and an unexpected (and deadly) blizzard. Suddenly all their lives are in danger. Presented in both IMAX and 3D, there's plenty of breathtaking and grueling action with these climbers who are as helpless as ants on a frozen giant and have no easy way up or down. And you're right there with them as they desperately struggle to survive.

LONG STORY SHORT: A tense, teeth-chattering thriller.

→ SICARIO

Emily Blunt plays a tough FBI agent recruited for a special task force to combat drug trafficking at the U.S.–Mexico border. But the mission turns out to be like Alice going down the rabbit hole — if the rabbit hole led straight to hell. Blunt joins a group led by a smirking, laid-back CIA agent (**Josh Brolin**) and a shadowy Colombian “consultant,” played by Oscar winner **Benicio Del Toro** (who should be Oscar-bound again with this role). Their goal: to track down a major bigwig in the Mexican drug cartel by whatever means necessary. The tight, taut story will leave you white-knuckled as Blunt tries to figure out how to keep from becoming as lawless as the people she's trying to stop. Brolin has funny lines, delivered with a slight chill, while Del Toro plays the kind of ruthlessly soft-spoken character that will haunt your dreams.

LONG STORY SHORT: The year's most tensely compelling film.

→ THE GRINDER

TV

Premieres Tuesday, Sept. 29, at 8:30PM on Fox

Rob Lowe teams up with **Fred Savage** in a quirky new comedy that will keep you laughing and smiling. Lowe plays Dean, a famous actor who has just finished an eight-year run on a hit TV series, on which he played a crackerjack lawyer who never loses named *The Grinder*. Between jobs and in an attempt to find himself, Dean heads home to Boise, Idaho, where his brother Stewart (Savage) is an actual attorney but not a particularly successful one. Dean gets the bright idea that he can help Stewart by bringing his TV legal training (and star power) to the courtroom as a kind of unofficial partner in Stewart's firm. **William Devane** plays their father, a retired attorney who loves seeing his two sons working together — even if one of them doesn't have actual courtroom credentials. The show rises and falls on Lowe's wonderfully self-involved take on every situation: It's always about him, especially when it's not. Lowe has the comedy chops to steal every scene, but he's got a terrific foil in Savage, whose Stewart is caught between his resentment at his brother's dominance and the unhappy realization that Dean just may be able to help him.

→ THE PLAYER

Premieres Thursday, Sept. 24, at 10PM on NBC

Wesley Snipes tries to revive his career on this new action series, but it may not be up to the task. The premise is similar to *Person of Interest* and *Minority Report*; **Philip Winchester** plays a security specialist in Las Vegas who is manipulated into helping an organization (led by Snipes and **Charity Wakefield**) that can forecast crimes before they happen. Winchester's job: Stop the crimes they predict. Oh, and because it's Vegas, Snipes and Wakefield's representatives place huge wagers on whether the team can stop the bad guys in time. Snipes still has that inherent blend of cool and coiled tension that made him a star, but that only goes so far. The show really can't get past its own far-fetched premise. That includes the mysterious method for predicting crimes and an organization that is so wired into everything, it's just too absurd to be believed.

SERENA WILLIAMS
Turns 34 on Sept. 26

By Jennifer Angel

LIBRA SEPT. 23–OCT. 22

A new cycle promises a bright start. Right now, you have the energy to let go of past love traumas and embrace the future. Family discussions could be strained, but still speak from your heart.

SCORPIO OCT. 23–NOV. 21

You have a lot on your plate right now. Don't let yourself get dragged into a family drama that probably has nothing to do with you anyway. Keep your focus on work and money.

SAGITTARIUS NOV. 22–DEC. 21

Get ready to travel in the fast lane, but don't make a move without consulting with those in control. With monetary dealings, don't assume anything.

CAPRICORN DEC. 22–JAN. 19

Mix-ups at work can take place now. Be up-front about business arrangements — don't leave out any details. Favorable news about family may come through, especially concerning money.

AQUARIUS JAN. 20–FEB. 18

Be careful what you say to someone close; it's a week to think before you speak. But what will be will be. A delayed cash payout could finally find you.

PISCES FEB. 19–MARCH 20

A financial situation is set to end. If you mix work and your personal life, there can be frustrations, but stay focused; it will work out. A friend may need help.

ARIES MARCH 21–APRIL 19

This is a big week to complete unfinished projects, so write up a to-do list and stick to it. Discussions with a loved one can be tricky; don't be rash.

TAURUS APRIL 20–MAY 20

A conversation about money with a sweetheart can be productive, but delays are inevitable — things will happen when the time is right. Family gatherings may put a smile on your face. If you are traveling, double-check arrangements.

GEMINI MAY 21–JUNE 20

A decision at home could have you rearranging your schedule. Friends' advice can be invaluable — really listen to what they have to say. At work, rely on your creativity to get ahead.

CANCER JUNE 21–JULY 22

You could find yourself tongue-tied this week. If a family issue arises, be prepared so you say exactly what you mean. A financial payout can come through and be better than you think. Discussions at work are promising.

LEO JULY 23–AUG. 22

Although you may need to make a quick decision with money, make sure you don't leave someone important out of the loop. A work discussion can change your schedule and result in a power play. Your love outlook gets a lot brighter.

VIRGO AUG. 23–SEPT. 22

A bright light shines on your bank account. But beware the temptation to act recklessly. Carefully think through a family financial situation before you agree or disagree to anything. With love, just try to enjoy the moment.

KESHA Marries Two Men

Kesha's gone from pop star to pastor! The singer took on the new role to marry her hairstylist friend Vittorio Masecchia and his partner, Felipe Noqueira. The star shared a sweet snap from the big day, captioning the photo, "All u need is love." Though the party girl's gig may come as a shock to some, she was actually ordained years ago! In fact, the recent nuptials were her second time officiating a friend's marriage — back in 2012, she shared that she was marrying her two best friends. We wonder who she'll wed next! ★

Justin & Silas Say Cheese!

Justin Timberlake's on daddy duty — and he's loving every minute of it! The superstar stopped by *The Tonight Show* and shared this too-cute photo of his and Jessica Biel's 5-month-old baby boy, Silas. "It is the most insanely amazing, most beautiful, unbelievable thing that can ever happen to you," the singer gushed to Jimmy Fallon about fatherhood. ★

* Most Anticipated Sequel

Bridget Jones (and her monstrous granny panties) is back! And this time, she'll have some hunky new company in dreary old England. Patrick Dempsey is joining Renée Zellweger and Collin Firth for the highly anticipated *Bridget Jones's Baby*, which begins filming in early October.
